Affiliated to Panjab University, Chandigarh

Department of Chemistry
under the aegis of
III Society of Science

invites you to participate in the PowerPoint Presentation on the topic

"Why chemistry matters?"

Date and Time : 30th May, 2022, 9.00am, Room No.33

Overview

Society would enjoy a few significant benefits if everyone were familiar with some of the basic principles of science, and chemistry in particular. There would be things like: the ability to understand if a certain product (e.g., household cleaner, nutritional supplement, etc.) can actually do what it claims it can; or the accuracy of the arguments in policy debates (e.g., clean air act, carbon taxation/climate change, etc.) that are important to being a responsible citizen; and freedom from an unsubstantiated fear of 'chemicals'.

Rules:

- Team can be of 2 students.
- Powerpoint presentation will be of 5-10 slides.
- Time allowed will be 7 minutes.
- Prizes for winners.
- Certificate will be given to each of the participant.
