

# Educational and Adventure Trip 2026

Under the able guidance of Principal Dr. Amandeep Heera, the Department of Commerce and Department of Computer Science, in collaboration with the IIC and IT Cell, organized an Educational and Adventure Trip to National Institute of Electronics & Information Technology (NIELIT), Chandigarh – Ropar Campus, Chandigarh – Ropar Campus followed by an adventure visit to Barota Farm on 23rd February, 2026. The trip aimed to provide practical exposure, technical awareness, and recreational learning to students.

## **Visit to NIELIT, Chandigarh – Ropar Campus**

The first phase of the trip included an academic visit to the National Institute of Electronics & Information Technology (NIELIT), Ropar Campus. Students attended an insightful workshop conducted by Dr. Sarwan Singh, who elaborated on emerging technologies, digital innovations, and skill development opportunities in the IT sector.

The session was highly interactive and informative, encouraging students to explore career prospects in electronics, information technology, and digital transformation.

Students were also taken on a guided visit to the AR/VR laboratories, where they observed practical demonstrations of Augmented Reality (AR) and Virtual Reality (VR) applications. The visit enhanced their understanding of real-world technological advancements and their applications in commerce, education, and industry. Prof. Kanwar Kulwant Singh Incharge IT Cell, Dr. Ajay Dutta IIC President, Dr. Gurpreet Singh, CGPC Coordinator, also joined this workshop.

Refreshments were served to the students after the workshop

session.

### **Adventure Trip to Barota Farm**

After the academic visit, students proceeded to Barota Farm for recreational and team-building activities. The adventure segment included:

- Rope related activities
- Zorb roller
- Trekking
- Tug of war
- Other fun-filled outdoor challenges

These activities helped students develop teamwork, confidence, leadership qualities, and physical fitness.

Lunch was arranged at the venue, followed by a music session where students enjoyed and relaxed after the adventurous activities. The lively atmosphere strengthened bonding among students and faculty members.

The trip was a perfect blend of education and recreation. The workshop at NIELIT provided valuable technical exposure, while the adventure activities at Barota Farm promoted team spirit and refreshment. Overall, the visit was informative, engaging, and memorable for all participants.

The Departments of Commerce and Computer Science, along with IIC and IT Cell, deserve appreciation for organizing such a well-coordinated and enriching program for students.

# Data Protection in Commerce:

# Trust, Transparency & Trade

In the digital era, data protection has become a vital component of commercial activities. To spread awareness on this important issue, the Department of Commerce organized an academic event on 30 January 2026 based on the theme “Data Protection in Commerce: Trust, Transparency & Trade.” The objectives of the event were:

- To educate students about the importance of data protection in commerce
- To highlight the role of trust and transparency in business practices
- To understand how secure data handling supports ethical trade
- To create awareness about challenges related to data security

The session was conducted by Prof. Gurpreet Singh Kalsi, who acted as the Resource Person for the event. Through an informative PowerPoint presentation, he explained:

- The concept and importance of data protection
- Responsibilities of businesses in safeguarding customer data
- Relationship between data security, trust, and transparency
- Impact of data protection on smooth and fair trade

His presentation was engaging and helped students understand the topic using practical examples. The event was organized under the guidance of Principal Dr. Amandeep Heera, whose continuous support ensured the successful conduct of the programme. The event proved to be informative and insightful. It enhanced students’ knowledge about data protection in commerce and emphasized the need for ethical data practices. The session successfully conveyed that trust, transparency, and secure data management are essential for sustainable

business growth. Prof. Kanwar Kulwant Singh Head of the Department of Commerce also interacted with students and shared some recent issues in the era of data protection.

## MY Bharat Budget Quest 2026

MY Bharat Budget Quest 2026 was organized at Babbar Akali Memorial Khalsa College, Garhshankar, with the objective of enhancing public understanding of the Union Budget 2026. The initiative, launched by the Government of India, aims to make budgetary provisions more accessible, relatable, and citizen-centric, especially for the youth of the nation. The event was conducted with the objective of enhancing students' understanding of the Union Budget 2026–27 and promoting financial literacy, economic awareness, and analytical skills among commerce students.

The programme witnessed enthusiastic participation from students of B.Com. The event was designed as an interactive budget quiz and discussion platform, encouraging participants to critically analyze key highlights of the Union Budget 2026–27, including taxation reforms, fiscal policies, sectoral allocations, digital economy initiatives, MSME support, infrastructure development, and employment generation schemes.

Upon successful completion of the MY Bharat Budget Quest 2026, all participating students were awarded Digital Certificates under the Government of India Youth Engagement Initiative. The certificates served as recognition of their active participation and enhanced understanding of the Union Budget.

The digital certification not only motivated students but also

added academic value to their profiles.
